## Memorandum

To: All Employees

From: Superintendent, Hawaii Volcanoes National Park

Subject: Opening of Area at Eruption Site

The following memorandum modifies the area closure at the eruption site. Effective immediately the coastal flats and the pali at the eruption site are open. The area closures in effect include the following areas: the Lae'apuki bench which is roped off and marked with area closure signs, the beach access to Wilipea bench, the west Highcastle beach access, and the Highcastle beach access. All of the beach access areas are closed and marked with area closure signs.

Failure to abide by these area closures is a violation of 36 CFR 1.5 and may result in a violation notice issued and a possible mandatory court appearance.

Please direct any questions to Chief Ranger Talmadge Magno at (808) 985-6030.
